VABILO

Spoštovani,

Vabimo vas, da se udeležite predavanja z naslovom **"The path to good reporting of animal experiments"**, ki ga organizira Slovensko društvo za laboratorijske živali (SDLŽ).

O ponovljivosti raziskav na živalih smo v okviru SDLŽ dogodkov v preteklosti že govorili. Predstavili smo tudi rezultate analiz transparentnosti poročanja preteklih publikacij živalskih raziskav slovenskih raziskovalcev. Poudarili smo pomen transparentnega poročanja ter celo razpisali nagrado v ta namen. Tokrat nam bo problematiko predstavil strokovnjak svetovnega kova na tem področju.

Predavanje bo potekalo preko spleta **11. novembra 2021 s pričetkom ob 14.00 uri in zaključkom ob 15.00 uri**, predavatelj prof. Adrian Smith.

Professor [Adrian J. Smith](#) has been the Secretary of Norway's consensus-platform for the 3Rs, [Norecopa](#) since it was established in 2007. He is a British veterinarian, resident in Norway since 1980. He worked at the Oslo Veterinary School for 30 years, where he held the Chair in Laboratory Animal Science. He now works full-time for Norecopa. He has had a special interest in 3R resources for many years and has co-authored several databases in this area which are now incorporated in the 9,000-page Norecopa website. He is a lead author of [the PREPARE guidelines](#) for planning animal experiments. He is also a Board Member of the Danish 3R Centre and a member of the National Committee for the protection of animals used for scientific purposes in Denmark.

Vse zainteresirane prosimo, da se prijavite na delavnico do 10. novembra 2021. Prijavo posredujete na e-naslov tatjana.pirman@bf.uni-lj.si. Prosimo, da poleg prijave navedete ali želite prejeti certifikat. Udeležba je za člane društva brezplačna.

Se veselimo srečanja z vami,
