LAS in Slovenia and SLAS

27th October 2001 – Seminar with international participation – idea on SLAS establishment - 2003

Legislation in Slovenia (based on Directive 86/609/EEC)

1986 – Instructions on conditions for granting authorizations for experiments on animals for scientific and research purposes

1999 – Animal Protection Act

2000 – Rules on the Ethical Commission for the experiments on animals

2004 – Rules on conditions for experiments on animals

2007 – Rules on methods of killing of experimental animals

2005 - National Ethical Committee for project evaluation

2007 – Courses on LAS in Slovenia

2010 - Directive 2010/63/EU

October 2010: SLAS restored to life

April 2012 - SLAS elections and activation

SLAS past activities

January 2013: The 1st Congress of SLAS

November 2013: Novel legislation and its interpretation in practice (workshop)

June 2014: The 2nd Congress of SLAS

March 2015: Humane end points in animal experimentation (workshop)

March 2016: **round table: Animal experimentation: need or unnecessary luxury.** The event was organized for the public; it was run by a journalist from national TV (the journalist responsible for documentary series titled Science on the street) and was recorded.

June, 2016: Work with genetically altered animals used for scientific purposes (workshop)

October, 2016: Anatomy and pathohistology of laboratory mouse (workshop)

January, 2017: Microbiological and Nutritional standards for laboratory rodents (workshop) SLAS and CroLASA(51 participants);

June, 2017: The 3rd Congress of SLAS and 1st joint SLAS-CroLASA (82 participants)

The FELASA Severity Assessment/Classification Workshop (47 participants)

November, 2017: Surgical procedures and peri-operative care of mice and rats (workshop, 42 participants)

March, 2018: Aging processes in Laboratory Rodents (workshop, 30 participants)

June, 2018: The 4th Congress of SLAS (91 participants)

October, 2018, Zagreb: The 3rd Congress of CroLASA and 2nd joint CroLASA-SLAS meeting (91 participants)

2019: Call for a 3R award (the award was 200 EUR for organization)

SLAS past activities

March, 2019: Monitoring and classification of actual severity (workshop, 29 participants);

June, 2019: New methods of handling for laboratory mice (workshop, 40 participants);

July, 2019: Monitoring and classification of actual severity (organized only for members of Ethical Committee for experiments on animals, 5 participants).

November, 2019: Factors affecting reproducibility of biomedical research on animals (workshop, 50 participants).

January, 2020: **Animal experimentation:** documentary series run on national TV. [Poskusi na živalih \(rtvslo.si\)](https://www.rtv.slo.si/poskusi-na-zivalih)

November, 2020: **webinar:** Impact of genetic factors on animal research results (65 participants);

March, 2021: webinar: **Refinement implementation in care and procedures: examples in laboratory rodents** (92 participants)

April, 2021: webinar: **National legislation: competence conditions for personnel working with animals** (132 participants);

June, 2021: webinar: **Applying aseptic conditions in rodent surgeries – yes we can!** (67 participants);

November, 2021: webinar: **The path to good reporting of animal experiments** (81 participants);

December, 2021: webinar: **Anesthesia and analgesia of pigs and sheep in research** (49 participants);

2021: Call for 3 financial awards for reporting quality of animal experiments

(the award was a registration fee for FELASA Congress 2022 – 600 EUR)

2022: Call for 3 financial awards for reporting quality of animal experiments

(the award was 200 EUR for organization)

SLAS past activities

2022 LAS WEBINARS; SLAS&CroLASA

February, 16th, 2 lectures: How can NORECOPA help researchers PREPARE for better science, Why you should consider sex as a biological variable in preclinical research (91 participants).

March, 9th, 2 lectures: Good practice in communicating animal research to the public, AAALAC Program Description as a useful self-evaluation tool (86 participants).

April, 13th, 3 lectures: CRISPR Cas 9 gene editing in animal models, How should we assess “severity” and how should we priorities refinements?, Damned if you do - damned if you don't: The potential confounding effects of painful conditions and pain relief on experimental readouts (98 participants).

May, 11th, 2 lectures: Experimental design and reproducibility in preclinical animal studies" promotional lecture, Role of pathology in biomedical research (83 participants).

September, 21st: Positive reinforcement training as a refinement tool in feline experimental studies (59 participants). October, 20th: General considerations for the rehoming of animals used for scientific and

educational purposes (94 participants).

November, 23rd: Farm animals in research – insights to know (80 participants).

June, 2023, Ljubljana: The 5th Congress of SLAS and 3rd joint SLAS – CroLASA meeting (148 participants) with 3 workshops

December 2023; Medical Faculty of Ljubljana & SLAS: an online refresher training: State-of-the-art knowledge in the field of Laboratory Animal Science: Care for animals and research quality (50 participants)

SLAS past activities

ČASTNO ČLANSTVO V DRUŠTVU

SLOVENSKO DRUŠTVO ZA LABORATORIJSKE ŽIVALI

prof. dr. SIMONU HORVATU

*za pomemben prispevek k razvoju društva ter
neizbrisen pečat pri razvoju genetike laboratorijskih živali v Slovenskem prostoru*

Ljubljana, 24.2.2026

Znanst. sod. Dr. Martina PERŠE

Častni član društva

Prof. dr. SIMON HORVAT

VREDNOSTNI BON

ČASTNO ČLANSTVO V DRUŠTVU

S tem vrednostnim bonom društvo:

SLOVENSKO DRUŠTVO ZA LABORATORIJSKE ŽIVALI

podeljuje

prof. dr. SIMONU HORVATU

Protivrednost bona:

V velikosti (€) plačila kotizacije za naslednji FELASA kongres

Bon velja kot simbolna in častna listina ter potrjuje poseben status v okviru delovanja društva.
